

ONP  
OPERATION NORTH POLE

KATO  
PRECISION RAILROAD MODELS

## A Beautiful Christmas Tradition

2015 ONP Train - Resplendent in Yellow and Red livery

2016 ONP Train - with a unified arctic blue scheme

2017 ONP Train - with a scheme that fades from light to dark

Each year Operation North Pole charts a special Metra train, designing special vinyl wraps that adorn both the outside and the insides of the cars, and hosts an event where Children battling life threatening illness can enjoy a fantasy trip to the North Pole to meet Santa. Each years' design is unique, making each train a festive and colorful display!

Kato USA has partnered with Operation North Pole to bring replica trains of the real life Christmas Trains that were operated in 2015, 2016 and 2017 - to life as a means to support ONP's goal of spreading the magic of the holidays. **To that end a portion of the proceeds from every sale of an Operation North Pole Christmas Train Set goes towards the ONP Charity!**

Each ONP Christmas Train comes packaged in colorful holiday-themed packaging that matches the train - with the 2016 and 2017 versions having collector-friendly bookcase style sleeve boxes!

Item #	Description	MSRP
