GE C44-9W

The Dash-9 Returns, fully assembled and sound-ready!
Also Available* with pre-installed DCC + Sound!

Returning for the first time since 2008, the C44-9W "Dash 9" will be re-released at the end of 2015 from Kato USA! This re-release will feature brand new road numbers for the **Southern Pacific** and **Union Pacific** and will be paired up with a new production run of Kato's exemplary Gunderson MAXI-IV articulated intermodal well cars!

Like the previous run of this classic diesel, these locomotives will come fully assembled and ready to run from the factory, and will be available in Analog as well as DCC and Sound Equipped variations!

*DCC and Sound versions of these locomotives are available on a built-to-order basis and will ship 1-3 weeks after the shipping date of the base units. Contact your local hobby shop or visit our web site at www.katousa.com for more details!

- ✓ Prototypically accurate detailing for Southern Pacific and ex-SP Union Pacific Locomotives!
- ✓ All details, including handrails and grab irons, factory installed - fully ready to run, from box to track!
- ✓ 100% Sound and DCC ready with a built in 8-pin plug and mounted speaker housing in the fuel tank!
- ✓ Illuminated LED ditch lights, head lights, and numberboards!

Available now!
