**Observation car* is equipped with a continuous lighted drumhead and red marker lights and a directional backup light with DC (12V) operation. To operate the directional backup light with DCC (Digital Command Control), use of optional function decoder is required. To install a DCC function decoder, remove the Underfloor Cover * with direction of arrow. For detail and installation of function decoder, please consult your local dealer.

Interior Light can be installed to each car with optional Interior Lighting Kit with White LED (#11-209 and #11-210). For availability and installation, please consult to your local dealer.

■ Installation of Magnetic Trip Pins in Coupler

Push straight leg of Pin into oval shaped hole in Knuckle, noting the fit of the flattened shape of the Trip Pin. The Pin should clear the top of the rail by 0.010" (0.25mm) to prevent its snagging on switchers or grade crossings.

NOTICE:

1. Max.Operational voltage:12V DC
2. Additional lubrication at time of purchase is not recommended.

LIMITED WARRANTY

KATO U.S.A., INC. warrants that this product will be free from defects in material and workmanship for a period of sixty (60) days from the date of purchase. If this product fails during the warranty period, carefully pack the assembled item in the original carton, together with the dated sales receipt, and return to: KATO U.S.A., INC. 100 Remington Road, Schaumburg, IL 60173. Defects due to misuse, improper maintenance and/or abuse are not covered by this warranty. Items that have been modified by the modeler or anyone other than an authorized KATO repair person are not covered by the warranty. This warranty gives you specific legal rights and you may also have other rights which vary from state to state.
